

MISSION

The Junior League of Washington is an organization of women committed to promoting voluntarism, developing the potential of women, and improving communities through the effective action and leadership of trained volunteers. Its purpose is exclusively educational and charitable.

VISION

The Junior League of Washington strives to be a vibrant presence in the lives of women and children in the greater metropolitan area of the District of Columbia, serving as a resource throughout the community to effect positive change, seek common ground, and inspire hope.

FOCUS

The Junior League of Washington is proud to focus our financial and volunteer resources on the complex issues of literacy in the greater metropolitan area of the District of Columbia. JLW defines literacy as an individual's ability to read, write, and speak and to compute and problem-solve at levels of proficiency necessary to: function on the job and in society, achieve one's goals, and develop one's knowledge and potential (adapted from the National Literacy Act of 1991).

Giving to the Junior League of Washington is about multiplying the impact of your corporate sponsorship dollars.

IT'S ABOUT...

Gaining brand advocates and ambassadors who respect your brand and its commitment to making the community a better place.

Giving back to proven and respected nonprofits that are doing great work every day throughout the Washington, DC, community.

Educating and empowering the next generation of female leaders in the DC community — by supporting the training and development of women who will go on to hold leadership positions on nonprofit and professional boards, fundraising roles, and public service positions.

Each of these goals is worthy of investment on its own, but let us tell you a little more about how a partnership with the JLW achieves all three...

GETTING TO KNOW THE WOMEN OF THE JLW
